Application:
 "Starlight ceilings",
 furniture luminaires,
 desktop luminaires,
 chandeliers and other
 unshielded luminaires.

HALOSTAR STARLITE® lamps may be used in free-burning applications without a shield on the luminaire. They are made from UV-reducing quartz and comply with the strictest UV protection thresholds (to IEC 60432). The gold or platinum plating protects the base pins from corrosion.

- HALOSTAR STARLITE® lamps have an axial filament.
- Long life of 4.000 h.
- The colour temperature is approx. 3000 K.
- The lamp is dimmable.
- Low pressure design to comply with IEC 60598

1) Hard-glass lamp with transverse filament
