

# Halogen Prefocus Long-Life Lamps Pk30d

Philips has successfully developed a **Pk30d Long-Life series**.

These lamps offer **Double the Lifetime** of standard lamps. The specification allows for a **simple exchange** of current industry standard lamps with the new PHILIPS PK30d Long-Life series.

Our Pk30d Long-Life lamps offer the following Features and Benefits:

1. Availability in 45W, 65W, 100W and 150W
2. 2000 hrs./ave. lifetime vs. 1000 hours for standard range (at 6,6A)
3. Longer service intervals
4. Less maintenance costs
5. Environmental friendly product (lead and mercury free)

Pk30d Long-Life lamps are definitely the perfect solution to secure longer replacement cycles and to improve the reliability of runway and taxiway lighting.
